

Test 2:

- Test 2 will cover the discussion from Chapters 4 to 9 of the textbook along with all the handouts from weeks 4 to 8.
- In addition to some discussion questions related to the topics covered in Chapters 4 to 9 and the handouts, other questions on the test are similar to the questions included in the weekly exercises;
- Test 2 will be held on zoom during our class time on Tuesday, Oct. 25th, 2022, from 6:00pm to 9:20pm.
- Test 2 will be posted on D2L on Tuesday, Oct. 25th, 2022, by 6:00pm. The dropbox for uploading your Test 2 will be open at 6:00pm and close by 9:30pm on D2L so you have 10 minutes to wrap up your test.
- Test 2 is an **open-book** and **open-note** test but you are **NOT** allowed to search for answers over the Internet. However, you are allowed to test your Linux commands, scripts, and programs on our Linux server at *sp-cfcsc01.metrostate.edu*.
- Test 2 is **an individual work**. No discussion with anyone except the instructor is allowed.
- The solution to Test 2 will be discussed in class on Tuesday, Nov. 1st, 2022, and a status report along with the grading sheet of your Test 2 will be posted on D2L through the feedback box to your Test 2 submission, by 11:59pm, Friday, Nov. 4th, 2022.
